

SERIAL NO. 10/725,835

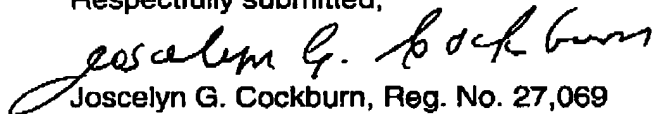

PATENT
Docket JP920010230US5**REMARKS**

This amendment is in response to the Office Action mailed November 17, 2004. Claims 20-28 are rejected under 35 U.S.C. 112 second paragraph. However, the Examiner states the claims would be allowed if rewritten or amended to overcome the rejection under 35 U.S.C. 112 second paragraph.

In response claim 20 has been amended in a way that is believed overcomes the examiner's rejection. In particular, the Examiner requires applicants to clarify the specific relationship between the insulating adhesive film and the board holding device. As the Examiner seems to suggest the integral protruding lip of the insulating adhesive film is the board holding device. The claim is amended accordingly.

It is believed the present amendment answers all the issues raised by the Examiner. Reconsideration is hereby requested and an early allowance of all the claims is solicited.

Respectfully submitted,
